H-Go -45°C Windshield Washer

Package size available

Size	Product Codes
3,78 L	62-00045-316
208 L	62-00045-308
1250 L	62-00045-D13 (with deposit)
	62-00045-D23 (without deposit)
Bulk	62-00045-000

Introduction

H-Go -45°C Windshield Washer fluid is specially formulated with methanol and Isopropanol. It is designed for extreme temperatures. Its improved formula with ice melter removes frost and ice more effectively than the regular -40°C product. It improves visibility and road safety by leaving no streaks and protects against frost down to minus 45 degrees Celsius.

Characteristics

- All Seasons;
- Mixes with any other color of windshield washer fluid;
- Protects the windshield against freezing down to minus forty-five degrees Celsius;
- Helps repel road grime.
- Improved formula with de-icer that removes frost and ice more effectively than the regular -40°C product.

Instructions

Pour into the appropriate tank of the vehicle. Apply generously to the windshield using the device.

In winter conditions, always make sure the windshield is as warm as possible to maximize the performance of the windshield washer fluid.

Caution

Never add water to the product, diluting it reduces its properties.

Shipping Information
